PACKAGING LINE “AV 2X400 CA 300”

The take up type “AV 2X400 CA 300” allows the packaging of bobbins or coils with dimension up to $\varnothing 400 \times 200$ mm for bobbins and $\varnothing 400 \times 90$ mm for coils.

It's possible alternate the two heads, one in winding time and the other in packaging time so, while one reel is winding, the operator can package the other one and viceversa.

PRODUCT RANGE: it's possible wind all round or plate cables with diameter up to 12 mm.

A special wireguide with releasable antireturn system will allow the setting of the reverse in case of inspection on product.

The unwinding system can be defilè or deroulè type.
